

TRAVEL DOCUMENTS

What type of documents do I need?

1. Passport

You must have a passport with you and it must be valid for at least 6 months after the date of departure. You can apply your passport in any post office near your house.

2. Visa

You need a Visa too and we can also handle your Visas. Please send four things to us when applying for a Visa: (1) **one passport-size photos**, (2) **your original passport**, (3) **a completed visa application form** (it can be downloaded below), and (4) **a check payable to: Omega Institute LLC**. Please remember to retain a copy of photo page of your passport for your files. And, the Visa form must be completed and signed; please insure that the signatures on your passport and on the visa form are identical. The original price for applying a Visa is **\$80** and it takes 14 days to process. You could attempt to rush process an individual visa for an additional cost of \$40. We will secure the visa for entry into China. But we can't guarantee the acceptance of your visa application. If for any reason your application is denied, payments made for the Visa are non-refundable.

Attention to: Visa Application

1937 NE Loop 410 Suite 200. San Antonio, TX 78217

3. Vaccinations

Vaccinations are not required, but, health requirements change without notice, please check with the Public Health Service for current required or recommended inoculations.
